

Still looking for a job
for the 2026
harvest and
seeding season?

Farming Intern 2026

What motivates you?

- Are you passionate about agriculture?
- Do you like working with modern technology on a large scale?
- Are you careful, a team player, reliable and able to work under pressure?
- Are you looking for an exciting challenge and a great team?
- Do you want to take on responsibility?

Who are we looking for?

- Highly motivated seasonal workers for grain/onion/soya harvesting, harvest logistics, tillage and seeding.
- You must have experience and knowledge of working with modern large-scale technology and have a T or CE driving licence.

Who we are?

- We are a state-of-the-art farm with locations western Romania (Arad region). Our focus is on sustainable and efficient farming, combining innovation, responsibility, and a passion for agriculture.

What we offer:

- A highly motivated team.
- A modern fleet of modern farm machinery.
- Performance-related salary, meals and accommodation directly on site.
- A opportunity for personal and professional growth.

The time is now!

Join us and apply for the harvest and sowing season 2026!
