**RESEARCH OPPORTUNITIES
FOR INTERNATIONAL
STUDENTS**

At PUCRS, international students can have professional practice in any academic areas with the direct supervision of our faculty. Students can enjoy their international experience to the fullest and add a relevant line to their résumé at one of our laboratories, research centers or other facilities.

PUCRS

ADVANTAGES:

- > Close supervision and constant support;
- > Flexible and convenient length and language requirements;
- > Focus on academic achievements;
- > Pre-established activities agreed by intern and professor;
- > Registrations are open all year long.

OPPORTUNITIES AVAILABLE IN THE FOLLOWING AREAS

- > Health Sciences (Psychology, Medicine, Physical Education, Nutrition)
- > Humanities (Education, Politics, Philosophy, Social Sciences)
- > Communications
- > Technology and Engineering
- > Business and Economics
- > Sciences (Biology, Chemistry and Physics)

WELCOMING INTERNATIONAL STUDENTS

The Office of International Cooperation of PUCRS is ready to help students who choose Brazil as a destination, in every stage of the process. Additionally, the Office has put together a calendar of integration activities all year long. The office has also implemented the Buddy Program – a group of PUCRS students who also provide support for a smooth and quick acclimatization.
