

Methods course: „Computational methods in catalysis research“

Prof. Max Holthausen und Dr. Martin Diefenbach (University Frankfurt),

10./11.10.2012

Wed, 10th October 2012

Room 324, IAC 3rd floor

09.00 – 10.30 Lecture Part I (Prof. Holthausen)

10.30 – 11.00 Coffee break

11.00 – 12.30 Lecture Part II (Prof. Holthausen)

12.30 – 13.30 Lunch

Seminar room IPC

13.30 – 17.00 Computational Chemistry Tutorial (Dr. Diefenbach)

17.15 Talk in **lecture hall II**: “Catalysis from a quantum-chemical
perspective: A fresh look at the chemistry of perchlorinated silanes”

Thu, 11th October 2012

Seminar room IPC

09.00 – 10.30 Lecture Part III (Prof. Holthausen)

10.30 – 11.00 Coffee break

11.00 – 12.30 Lecture Part VI (Prof. Holthausen)

12.30 – 13.30 Lunch

13.30 – 17.00 Computational Chemistry Practice (Applications)
