

Selected Presentations Teja Tschardt 1993-2006

- Tritrophic interactions in gall maker communities: Hypotheses and empirical analyses. Symposium on Gall-forming Insects in Siberia (Krasnojarsk) (9.-13 Aug 1993).
- Vertebrate effects on plant-invertebrate food webs. Invited Plenary talk at the "36th Annual Symposium of the British Ecological Society" zum Thema "Multitrophic interactions in terrestrial systems", University of London, Royal Holloway (21 Sept 1995).
- Gibt es in einer vielfältigeren Agrarlandschaft weniger Schädlingsprobleme? Einladung zum Hauptvortrag bei der 50. Deutschen Pflanzenschutztagung in Münster (24.9.1996).
- Ökologie und Naturschutz in der Agrarlandschaft. Antrittsvorlesung an der Universität Göttingen (24.10.1996).
- Tritrophic interactions in gall maker communities: a test of hypotheses. Invited talk, "Nordic Course in Applied Entomology" on "Insect-Plant Interactions" in Biri (Norway) (9 Nov 1996).
- Vertebrate effects on plant-invertebrate food webs. Invited talk, "Nordic Course in Applied Entomology" on "Insect-Plant Interactions" in Biri (Norway) (9 Nov 1996).
- Habitat fragmentation and biological control. Invited talk, "Nordic Course in Applied Entomology" on "Insect-Plant Interactions" in Biri (Norway) (9 Nov 1996).
- Diversity of herbivore-parasitoid communities on grasses. "6th European Workshop on Insect Parasitoids" in Valencia (Spain) (1.-5 March 1997).
- Habitat fragmentation and biological control. Invited talk, Department of Entomology, Uppsala University (24 April 1997).
- Habitat fragmentation and biological control. Invited talk, Department for Ecology and Evolutionary Biology, University of California Irvine (6 Feb 1998).
- Insects on grasses: Community structure, diversity, and herbivore-parasitoid interactions. International Congress of Ecology, Florence (July 1998).
- Vertebrate effects on plant-invertebrate food webs. Invited talk, The Netherlands Institute of Ecology, Heteren, 9 Dec 1998.
- Biodiversity in a changing landscape. Invited Plenary/Opening talk, Annual Meeting of the Netherlands Ecological Society (NEVECOL), 10 Dec 1998 (Main topic 'Large Scale Ecology').
- Lebensraum-Fragmentierung, Artenvielfalt und Pflanze-Insekt-Interaktionen in der Agrarlandschaft. Einladung zum Vortrag beim International Institute of Biological Control (IIBC, CABI) in Delemont, 16.6.1999.

- Species richness and plant-insect interactions in a fragmented landscape. Invited Plenary Talk, Biodiversity Day of the "Production Ecology" Research School in Wageningen, 13 Oct 1999.
- Landschaftsstruktur und biologische Schädlingsbekämpfung. Einladung zum Hauptvortrag bei der Tagung der Schweizer Gesellschaft für Phytomedizin, Luzern 14.10.99.
- Biodiversity and plant-insect interactions in a fragmented landscape. Invited talk, Ecology Seminar, Fribourg University, 2 May 2000.
- Biodiversity and plant-insect interactions in a fragmented landscape. Invited Plenary talk, Symposium "Population Ecology", University of Vienna, 16 June 2000
- Biodiversity and plant-insect interactions in a fragmented landscape. Invited Plenary talk, Symposium "Food web dynamics in spatial heterogeneity under multiple disturbances" in Kyoto (Japan), 9 Dec 2000.
- Plant-animal interactions on a landscape scale. Invited Plenary talk, Schimper-Symposium, Annual Meeting of the Ecological Society of Germany, Austria and Switzerland (GfOe), Basel (Switzerland), 29 Aug 2001.
- Pollination, herbivory, and predation in fragmented landscapes. Invited Plenary talk, ESF Workshop "Manipulating insect herbivory in biodiversity-ecosystem function experiments", Jena, 22-26. Sept 2001.
- Pollination, herbivory, and predation in fragmented landscapes. Invited Plenary talk, ESF-Workshop "Plant-animal interactions in simple and complex habitats: ecology and evolution". Uppsala (Sweden) 2-6 Oct 2001.
- Biodiversity and plant-insect interactions in fragmented landscapes. Invited Plenary talk, Workshop „Biodiversity in agricultural landscapes“, Wageningen (NL), 15 March 2002.
- Biodiversity and plant-insect interactions in fragmented landscapes. Invited Plenary talk, Workshop "Trophic Interactions in a Changing World". Texel (Netherlands), 3-7 April 2002.
- Parasitoid communities on a landscape scale. Invited Plenary/Opening talk, "8th European Workshop on Insect Parasitoids", Tours (France), 1-6 September 2002.
- Biodiversity and plant-insect interactions in agricultural landscapes, Invited Keynote Lecture, Finnish Biodiversity Research Program FIBRE, FIBRE Annual Meeting 2002 on 26 -28 November in Hanasaari, Helsinki, 'Finland on Future Challenges in Research and Practice'.
- Biodiversity and plant-insect interactions in agricultural landscapes, Invited Keynote, Symposium "Spatial demands for biodiversity enhancement in urbanized agricultural landscapes", Conference on "Framing Land Use Dynamics", Utrecht University (NL) 16-18 April 2003.

- The landscape context of biological control. Invited paper, XXII International Congress of Entomology, Brisbane (Australia), 20 August 2004.
- Plant-mediated interactions between below- and aboveground processes: decomposition, herbivory, parasitism and pollination. Invited paper, XXII International Congress of Entomology, Brisbane (Australia), 17 August 2004.
- Multitrophic plant-insect interactions and biodiversity at different spatial scales. Invited paper, XXII International Congress of Entomology, Brisbane (Australia), 17 August 2004.
- Spatial scale of landscape context influencing local interactions among insects, pathogens and plants. Invited paper for the workshop on spatial ecology of insect-plant interactions, November 5-9, 2004, Helsinki.
- Integrating conservation in agricultural land use. Keynote lecture, Nov 2005, The 23rd Symposium of the Royal Entomological Society, Sussex (UK).
- Plant-insect diversity and ecosystem functioning in human-dominated tropical landscapes. Invited Plenary talk, Annual meeting of the Society for Tropical Ecology, Kaiserslautern, Feb 2006.
- Biodiversity and plant-insect interaction in fragmented landscapes. Invited talk, University of Vienna, Austria, Nov 2006.
- Biodiversity and plant-insect interaction in fragmented landscapes. Invited talk, University of Zurich, Switzerland, Nov 2006.
