Title:

First / second reader's report

What is the aim of the thesis?

Are the research question focused and comprehensible?

Is a coherent and relevant theoretical/conceptual framework proposed?

Are the research methods identified and motivated?

Is the thesis well structured?

Is a sufficient amount of relevant secondary sources discussed in a theoretically informed / productive way?

Does the textual analysis show excellent / good / sufficient text knowledge and analytical skills?
Does it support the thesis statement?

Is the overall argumentation coherent and sophisticated enough for a BA /MA thesis?

Is the conclusion appropriate?

Is the thesis written in good academic English and formally correct?

Does the bibliography show a sufficient engagement with the research field?

General comments: choice of topic, originality of approach

Grade:

Signature:
