

Dr. Felicitas Nowak-Lehmann D.

**800031: Seminar on the Economic Situation of Latin America in the 21st Century:
'Challenges of Economic Development in Latin America (LA)'**

Module: M.WiWi-VWL.0024

January 26-28, 2023

1. Organizational issues

To be better able to foresee the demand for seminar places, we would like you to sign-up for seminars (not yet topics) under the link <https://survey.academiccloud.de/index.php/985259?lang=en> until 6 October. Many thanks for your collaboration!

Topic selection: Please register and select your preferred TOPIC via Stud.IP.

In order to state your preferences, in Stud.IP, go to 'Participants' – 'Functions/Groups', and choose a topic by joining a group. Only one topic per person can be chosen. Registration begins on October 10, 2022 (noon).

Topics are allocated according to a first come, first serve basis and by certain priority criteria¹. A short statement of interest has to be sent via email to fnowak@uni-goettingen.de by 25 October 2022. **Please note that the introductory meeting is mandatory. The final allocation of topics will take place there and some information on the course will be given.** If you cannot personally attend/join, please send a substitute person to join in for you, and to share the pertinent information with you.

Up to two students may work on the same topic. Each student, however, is required to write individual seminar papers and make individual presentations. The seminar paper counts 2/3 towards the final grade.

Presentations should be created in a printer-friendly version (white background!). Presentation and participation in discussions count together 1/3 towards the final grade.

Registration: Please register in **Flex Now** to be formally enrolled in the seminar and be able to earn credits (see dates below). Withdrawal from the course after registration deadline in Flex Now is only possible with a medical certificate.

2. Important Comments & Dates

- Announcements related to the seminar can be found in Stud IP under course 'announcements'
- Reservation of seminar topics will start on 10 October, 12:00, in Stud IP
- Statement of interest via email to fnowak@uni-goettingen.de by 25 October, 12:00
- Introductory meeting in presence (OEC 1.163), 27 October, 12:00-13:00; final allocation of seminar topics

¹ You have a high priority if you are in the 4th or 5th semester in the MSc program. Therefore, please state which MSc semester you are currently in and whether you are a student of MSc Development Economics or MSc International Economics or any other MA program.

- Registration in FlexNow: 10 October - 31 October, 2022 (latest possible registration by 31 October!)
- 2-day block seminar in presence: January 26-27, 2023 (OEC 0.167/OEC 0.211) OR January 27-28 (OEC 0.211/OEC 1.165)

Office hours (with appointment only):

Felicitas Nowak-Lehmann

Wednesday, 11-12h (in person: OEC 2.205) or via ZOOM

ph: 0551-39 2 7487

fnowak@uni-goettingen.de

3. List of topics

The introductory literature is listed below, followed by the list of topics.

General recommended literature on the economics of migration, its determinants and its impact:

Bansak, C., N. Simpson, and M. Zavodny (2015). *The Economics of Immigration*. Oxford: Routledge.

Borjas, G.J. (2015a). *Immigration Economics*. Cambridge, MA: Harvard University Press.

Borjas, G.J (2015b). "[Immigration and Globalization: A Review Essay](#)," [Journal of Economic Literature](#), American Economic Association, vol. 53(4), pages 961-974, December.

Chiswick, B.R. and P.W. Miller (eds.) (2015). *Handbook of the Economics of International Migration*. Amsterdam: North-Holland (Elsevier Science).

Rapoport, H. and F. Docquier (2006). The economics of migrants' remittances. *Handbook of the economics of giving, altruism and reciprocity*, 2: 1135-1198.

United Nations, Department of Economic and Social Affairs, Population Division (2018). *International Migration Report 2017: Highlights (ST/ESA/SER.A/404)*.

United Nations, Department of Economic and Social Affairs (2017). *Trends in International Migrant Stock: Migrants by Destination and Origin (United Nations database, POP/DB/MIG/Stock/Rev.2017)*.
<https://www.un.org/en/development/desa/population/migration/data/estimates2/estimates17.asp>

General literature for an overview of the determinants of migration

a) Push factors

- i) Economic factors: poverty, low wages, inequality, taxes, unemployment, overpopulation

Ambrosini, J.W. and G. Peri (2012). The determinants and the selection of Mexico–US migrants. *World Economy*, 35(2): 111-151.

- ii) Non-economic: criminality, war, political unrest, corruption, natural disasters, poor institutions (health care, education systems)

Cattaneo, Cristina & Peri, Giovanni, 2016. "[The migration response to increasing temperatures](#)," *Journal of Development Economics*, Elsevier, vol. 122(C), pages 127-146.

b) Pull factors

- i) Economic: demand for labor in specific sectors, demand for temporary labor, higher wages, generous welfare systems, healthcare and education systems, economic growth, technology
- ii) Non-economic: Networks (diaspora, family), rights and freedoms, opportunities, property rights, rule of law, climate, gender discrimination

Kaivan Munshi, 2003. "[Networks in the Modern Economy: Mexican Migrants in the U. S. Labor Market](#)," *The Quarterly Journal of Economics*, Oxford University Press, vol. 118(2), pages 549-599.

General literature on migration and remittances in Latin America

Fajnzylber, P. and López, J.H. (eds; 2008). Remittances and development: Lessons from Latin America. Latin American Development Forum Series. The World Bank. Washington, D.C.

<https://openknowledge.worldbank.org/handle/10986/6911>

TOPICS

Topic area I: Determinants of migration: Push versus pull factors (economic and non-economic factors)

Topic 1: What determines emigration decisions of individuals/households (micro perspective)? Theoretical aspects and empirical findings for migrants from e.g. Mexico/Venezuela/ Nicaragua/Haiti etc.

Bertoli, S. & Fernández-Huertas Moraga, J. & Ortega, F. (2013). [Crossing the border: Self-selection, earnings and individual migration decisions.](#) *Journal of Development Economics*, vol. 101(C), pages 75-91.

McKenzie, D. and Rapoport, H. (2010). Self-selection patterns in Mexico-US migration: the role of migration networks. *Review of Economics and Statistics*, 92(4), pages 811-821.

Ruyssen, I. and Salomone, S. (2018). [Female migration: A way out of discrimination?](#) *Journal of Development Economics*, vol. 130(C), pages 224-241.

Topic 2: What determines emigration decisions (macro perspective)? Theoretical aspects and empirical findings for Latin America or a Latin American country (e.g. Mexico)

Forte, G. and Portes, J. (2017) Macroeconomic Determinants of International Migration to the UK. Discussion Paper series IZA DP No. 10802: IZA Institute of Labor Economics.

Mayda, A.M. (2010). International migration: a panel data analysis of the determinants of bilateral flows. *Journal of Population Economics*, 23, 1249–1274. DOI 10.1007/s00148-009-0251-x

Winter, S. (2020). It's the Economy, Stupid: On the relative Impact of Political and Economic Determinants on Migration. *Population Research and Policy Review*, 39, 207-252.

Topic area II: Detailed analysis of specific drivers of out-migration

Topic 3: How does poverty in the Global South influence out-migration and asylum flows to the Global North?

McKenzie, D. (2017) Poverty, inequality, and international migration. Insights from 10 years of migration and development conferences. *Revue d'économie du développement* 2017/3-4, Vol. 25, pages 13-28.

Winter, S. (2020). It's the Economy, Stupid: On the relative Impact of Political and Economic Determinants on Migration. *Population Research and Policy Review*, 39, 207-252.

Topic 4: How does conflict in sending countries affect emigration and refugee flows?

Abel, G.J., Brottrager, M., Crespo Cuaresma, J., Muttarak, R. (2019). Climate, conflict and forced migration. *Global Environmental Change*, 54, 239–249. <https://doi.org/10.1016/j.gloenvcha.2018.12.003>

Crippa, A., d'Agostino, G., Dunne, P. and Pieroni, L. (2022). Conflict as a cause of migration. MPRA. Online at <https://mpra.ub.uni-muenchen.de/112327/> MPRA Paper No. 112327

Topic 5: How does climate change influence out-migration from developing countries?

Beine, M., & Parsons, C. (2017). Climatic Factors as Determinants of International Migration: Redux. *CESifo Economic Studies*, 63(4), 386–402. doi:10.1093/cesifo/ifx017.

Cattaneo et al. (2019). Human Migration in the Era of Climate Change. *Review of Environmental Economics and Policy*, 13(2), 189–206. doi:10.1093/reep/rez008

Kaczan, D., & Orgill-Meyer, J. (2020). The impact of climate change on migration: a synthesis of recent empirical insights. *Climatic Change* (158), 281–300. doi:10.1007/s10584-019-02560-0.

Topic area III: Impact of migration

Topic 6: What is the impact of migration on sending countries, considering labor markets (impact on wages, labor force participation)?

Asiedu, E. and Chimbar, N. (2020). Impact of remittances on male and female labor force participation patterns in Africa: Quasi-experimental evidence from Ghana. *Review of Development Economics*. <https://onlinelibrary.wiley.com/doi/10.1111/rode.12668>

Paul, S. 2018. The Effect of Emigration on Household Labor Supply: Evidence from CentralAsia and South Caucasus. ADBI Working Paper 822. Tokyo: Asian Development Bank Institute. <https://www.adb.org/publications/effect-emigration-household-labor-supply-evidence-central-asia-and-south-caucasus>

Topic 7: How do earnings and educational outcomes of immigrants (first generation, second generation) look like? Does upward mobility of immigrants differ in the US and the EU?

Agafitei, M. and Ivan, G. (2016/2022) First and second-generation immigrants- statistics on education and skills: EUROSTAT statistics-explained: https://ec.europa.eu/eurostat/statistics-explained/index.php?title=First_and_second-generation_immigrants_-_statistics_on_education_and_skills#Educational_attainment_level.

Pew Research Center (2013) Second-generation Americans. A portrait of the adult children of immigrants. <https://www.pewresearch.org/social-trends/2013/02/07/second-generation-americans/>

Topic area IV: Remittances

Topic 8: Do remittances reduce poverty and inequality in the sending countries (with a focus on Latin America)?

Kóczán, Z. and Loyola, F. (2018). How Do Migration and Remittances Affect Inequality? A Case Study of Mexico. IMF Working Paper WP/18/136

<https://www.imf.org/-/media/Files/Publications/WP/2018/wp18136.ashx>
